* NOTE.—No nearer statistical approximation can be given to the Number of Tenants and Sub-Tenants finally turned out of their holdings. But it is to be recollected that this approximation must be considerably in excess of the number permanently evicted, since this table merely shows the number of Tenants and Sub-Tenants turned out of their holdings, and not re-admitted on the *same day*, without giving any indication as to the number of those who may or may not *afterwards* be re-admitted as Tenants, Sub-Tenants, or Caretakers.

NOTE 1.—It should be noted that the number of re-admissions given in Column 2 only include cases where the re-admissions occurred on the day of eviction, and no indication can be given of the number who may afterwards be re-admitted.

NOTE 2.—The figures given in Column (1) have been obtained from the Superior Courts and from the Clerks of the Peace, and it is found impossible to furnish statistical information which would approach accuracy as to the number of Sub-Tenants who may be affected by the Ejectment Notices.
